

Historical Society of Clarendon VT

Annual Meeting

Feb. 17, 2025 6 PM Community Center

There were 16 attendees in all with the only Board members present being Kevin Peck, Bob Underhill, and John Colvin. Terrible weather and recent surgery kept others away.

Ted Grembowicz and Cash Ruane shared the histories of their family farms and their ultimate decisions to get out of dairy farming due to the economics of it having changed so dramatically. 50 – 60 cows being milked used to be adequate to make a living whereas today 1,000 or more are needed in order to survive economically.

PEG TV filmed the presentation for us.

One new member, Zachary Pratt, joined the historic society at the meeting.
